Whether you are new to homeschooling, or want to take a new look at how to make the most of your homeschooling experience, Fresh Start can help you understand the options available to you as a homeschooling family, and offer assistance, guidance, and resources.

You will come away from your first Fresh Start meeting with:

- Some general guidelines to assist you in your homeschooling journey.
- Recommendations for types of curriculum that will work for you and your child.
- Resources and options for curriculum materials.
- Resources and options for classes and activities to supplement your homeschooling experience.
- Additional resources and options to address any specific challenges you are experiencing.

Additional, ongoing consultation is available weekly or monthly, to help you monitor progress, assess methods, and address the ever-changing needs of the homeschooling family. The primary guiding philosophy of Village Home and of the Fresh Start program is that YOU are your child's primary educator. We are here to support your goals and offer resources and activities to supplement your homeschooling life.
